

JA2021 Postponement

Tokyo Big Sight announced restrictions on the use of facilities associated with the postponed Tokyo 2020 Olympic and Paralympic Games, and the period of restrictions overlaps with the period of preparations and openings for the JA2021.

In conjunction with the Tokyo 2020 Olympic and Paralympic Games, Tokyo Big Sight will adjust the schedule and facilities for all events scheduled for Tokyo Big Sight between December 2020 and the end of March 2022.

For these reasons, since it became difficult to ensure the venue in the fall of 2021, we decided to postpone JA2021 planned to exhibit between September 29 (Wednesday) to October 2 (Saturday), 2021. With regard to the new schedule to be postponed, we will keep exchanging information with the SJAC member companies, the exhibition site Tokyo Big Sight, and stakeholders. We will look into the new schedule available for future use of the facilities and the schedules of major overseas exhibitions.

We apologize for the postponement and inconvenience of participating in the exhibition in JA2021. We will promptly inform the new schedule on our website, as soon as it will be decided. We would like to thank you for your continued participation in the exhibition and participation in the Japan International Aerospace Exhibition.

Finally, We would like to express our heartfelt prayers for the early convergence of the new coronavirus infection and for the safety and healthy lives.

Sincerely,

June, 2020

The Society of Japanese Aerospace Companies
